QUALITY

Sophisticated quality

Design, production, fitting and quality control are carried out in Germany – this is the only way to reach our high degree of precision. 100% made in Germany.

Exclusive reliability

High-quality, fine materials and elaborate details guarantee flawless and long-lasting functioning and thus protection for your valuables.

FEATURES

Three-bolt lock

The stable safe lock works with seven tumblers and has a reinforced drill protection plate made of hard manganese steel.

Door safety catch

Thanks to a special spring bearing, the massive door can be opened and closed pleasantly, precisely and smoothly.

Perfect surface finish

Subtle, elegant or modern. Select your individual exterior colour and varnish for your STRONGCASE, from matt to glossy.

Size and weight

The STRONGCASE weighs almost 18kg, with a size of no more than 28.2 x 15.3 x 14.6 cm (LxWxH).

Built to last

All mechanical pieces can be easily replaced and maintained, without any problems, by a certified specialist workshop.

STRONGCASE

Solid aluminium

A clear, accentuated alignment, wonderful gap dimensions and offensive reinforcement of the lock and hinge characterise the stunning design.

Perfectly fitting wooden inserts

Your watches will rest securely on hand-made wooden inserts made from, for example, oiled walnut, smoked oak or wenge.

ACCESSORIES/ OPTIONS

Set-up and fitting

Feet for your bath, boat or desk. A furniture screw joint for your bedside table, cabinet or wardrobe, or a safe anchor for a firm subsurface.

Alternative uses

External hard drives (running continuously), jewellery, keys, credit cards, small handguns... Individual uses on request.

Family coat of arms/ company logo

Individualised with your family coat of arms or company logo. Logo caps, locks and keyhole orifices can be gilded on request.

Insurance

Our partners at ERGO or HISCOX can insure your Strongcase and your treasures easily and reliably against theft.
